Mont Vernon Public Library.

On behalf of the Trustees of the Public Library of Mont Vernon the following report is made :

Soon after the annual town meeting the Board of Trustees met and organized as follows : Chairman, H. F. Dodge ; Treasurer, F. C. Greenwood ; Secretary, G. S. Chapin,

The same magazines taken the year before were subscribed for again. From the town appropriation 70 new books were added ; and one book was presented by Mrs. Wm. Clark of Amherst. With the 621 volumes catalogued last year; this makes the number now on our shelves 692 volumes.

In place of issuing another suppliment, the old catalogue, the three annual suppliments, and the list of new books were combined in a new catalogue, prepared by the Librarian.

As it was thought reasonable that all receiving the benefit of the library should share in its support, the trustees ordered that every non-resident, on taking out a card, should pay a fee of 25 cents. Under this provision 25 persons paid for cards, thus adding to the library fund \$6.25

The Library has been open every Sunday and Wednesday during the year.

No. of books and magazines taken out Sundays, 1312.

“ “ “ “ Wednesdays, 1012.

Total number taken out 2324, an increase of about 20 per cent over last year.

The Trustees are glad to report the property of the Library in good condition.

Efficient service has been rendered by the Librarian, Miss Ruth Conant, and her assistant, Miss Edith Davis.

In confidence that the town will renew its liberal appropriation of last year, the Trustees respectfully submit this report.

GEO. S. CHAPIN,
Secretary of Board.

REPORT OF

The Board of Education.

The School Board organized in April, 1899, as follows :

President, Frank O. Lamson ; Treasurer, elected at school meeting, Henry F. Dodge ; Annie E. Perham was reelected and served as secretary of Board.

This year has been the longest school year that has been for many years.

The Center had longest term this winter as the parents agreed to transport their children gratuitously the latter part of the term.

This school has been in charge of Miss Alice Adams the entire year. Miss Cass, the West school for the spring term and Miss Hortensia McMillen the fall and winter.

Miss Amy Hutchinson, charge of South school for spring and fall and two weeks in winter, but on account of sickness among the scholars the school was closed, but their proportion of the money will be expended during the coming year.

We have, with the teacher's aid, attempted to grade our schools and have, with few exceptions succeeded. So that the children in the different parts of the town have been doing grade work as far as practicable. For instance, where we had innumerable classes in our Cen-

the school, we have combined and have but four classes, A, B, C, and primary class.

Among some of the comments of High school teachers are these, and we can apply them: "That child makes the best scholar, who has taken time enough to thoroughly understand one day's lesson before looking onto the next page to find out what comes next. In other words let the teacher be sure that the pupil understands each step before progressing. It is not I have studied my book through but I know what I know."

One of the recent presidents of Brown's University said. "One of the greatest mistakes of the educational system is that which provides for higher education and forgets the lower grades. I have a strong partiality for the thorough teaching of the three R's." The purpose of education is character, and character is the accretions of daily practice of the mind. For this reason educating the child should begin very young and the education that counts for most is that which develops every faculty until the highest function is attained.

Let the child understand from the first that it is he that must do the thinking. This is one of the strong points in a good teacher. To decide or answer questions presented because the scholar is too lazy to use his own mind, or, as is frequently the case, because he desires to be the central thought of the teacher's mind is to do the child the cruelest injustice.

The day comes when his teacher is not before him and then he is wholly unprepared to make a wise decision.

The Board feel that if more of the parents time was spent in the school room they would be better able to judge as to the most judicious teaching of the child.

Do not leave it with the teacher and board and then wonder why?

We do wish to thank the parents and town's people
for their liberal support and pray for their cooperation.

Respectfully submitted

ANNIE E. PERHAM,

Secretary of School Board.
